

Broad-based studies of higher education leadership

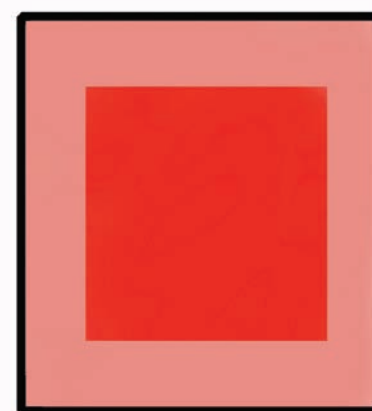

UCEA Center for the Study of Academic Leadership

*Directors - Vicki J. Rosser, University of Nevada, Las Vegas
Edith Rusch, University of Nevada, Las Vegas
Walt Gmelch, University of San Francisco*

- Relating research on organizational problem solving to the higher education setting to understand the organization and structure of colleges and universities
- Increasing understanding of the major actors and forces shaping the governance and leadership processes in higher education
- Emphasizing skills of communication, decision making, evaluation, and conflict management
- Providing insight into contemporary issues challenging today's administrators as well as problems needing study
