Annual Convention 2021
Virtual Paper
Presenter Tips
Asynchronous Sessions (Pre-Recorded)

Upload your video recording on Dropbox by **October 15th**
Upload your paper in All Academic by **October 24th**

Please consider the following guidelines as you prepare remarks for your virtual presentation during Convention. Better communication of your ideas means more attendees will engage with your work. Importantly, staying within the time suggestions is respectful of other authors and maximizes opportunities for discussion around your work beyond Convention.

**Prepare for a 12 minute MAX recorded presentation on your paper.**

Given this time constraint, your task within this session is to provide the highlights of your paper. A major objective is to whet the appetite of the listener to read your paper.

- PowerPoint slides should be included in your 12 minute presentation—we suggest 5-10 slides for the presentation.
- All recordings must be in .mp4 format
- Visual aids should be simple, clear, and readable
- Please make sure to enable captioning
- Consider ways to make your presentation accessible to a diverse audience

**We encourage you to include the following points in your presentation:**

- Explain the problem you investigated and its relation to existing research.
- Briefly indicate your methods, but prioritize findings and implications (not literature review).
- State specifically what is different and/or interesting about your approach.
- Discuss the implications of your work for researchers, practitioners, and instructors.

**Do not just read your paper!**

This approach does little to generate interest on the part of the audience, and it is an ineffective way to communicate ideas.

**Additional information to consider for your virtual presentation:**

- Upload the video recording of your presentation (in .mp4 format) to the Dropbox folder with a filename using the first author’s last name and the first three words from your paper title (i.e. LastName_ShortPaperTitle) **NO LATER than October 15th**
- Tips to upload videos can be found by clicking this [link](https://www.flaticon.com).
- Final papers must be uploaded in All Academic by **October 24th**. Upload your paper by replacing the proposal in All Academic
- All virtual presentations will be pre-recorded and made available asynchronously during Convention.
- Videos will be made available via the Whova platform on/around **November 8th**
